Your new experience of smart home solutions

Premium-quality security products for homes and businesses

eldes

About ELDES

Our journey began 15 years ago as a start-up with a mission **to pioneer innovation in the security and safety market.**

What was a small Baltic company back then, Eldes is now a renowned leader in the security manufacturing market, supplying products to **over 70 countries worldwide.**

We have manufactured over 1 mln. IoT devices, revolutionizing our customers experience by providing them with premium quality security products which are smarter, more intuitive and easier to use.

OUR MISSION:

PEACE OF MIND ECOSYSTEM

We are making people feel at ease about their living, by providing a collection of safety and convenience solutions.

OUR VISION:

A WORLD WHERE EVERY HOME IS SAFE AND SMART

OUR VALUES:

- **INSIGHTFULNESS**
- **EXECUTION**
- **OPENNESS**
- **CONTINUOUS IMPROVEMENT**

ELDES Security App

CREATED FOR YOUR SMART
HOME CONTROL AND SECURITY

It has never been so easy before to control the security and various household appliances of your smart home.

ELDES Security App brings simplicity and ease of use to our customers and enables to control garage doors, gates, shutters, lights, ventilation and much more in your smart home directly from a smart phone.

Want to add video monitoring? Choose any model of IP cameras which support RTSP and add them to **ELDES Security App** easily. Now you can monitor your property **24/7** from anywhere. Your peace of mind fits in a single handy app!
